Osaka 8 June, 2023 - Peach Aviation Limited (“Peach”; Representative Director and CEO: Kazunari Ohashi) announced today that start selling tickets for selected routes during the 2023 Winter Schedule from today, June 8. The applicable period is from October 29, 2023, to March 30, 2024.

The routes and fares for the 2023 Winter Schedule period, which will be on sale starting today, are shown in the table below. Tickets for other routes will go on sale as soon as they are ready. Tickets can be purchased via the Peach Website (www.flypeach.com/en) and at the Contact Center.

The number of passengers^{*1} in the current fiscal year increased by more than 20% compared to the same period last year, to approximately 1.4 million. Inbound demand is now returning to international routes, and the Osaka (Kansai) - Kaohsiung route will resume service from August 1, 2023. In response to the growing travel demand for the first long holidays such as Obon and summer holidays after the relaxation of behavioral restrictions, a countermeasure against the coronavirus pandemic, and the prospect of a further increase in inbound passengers, we have decided to sell 9 out of 28 domestic routes and 6 out of 11 international routes at an early date.

In addition, in order to encourage everyone’s “wish to go somewhere” this summer, we are launching the “Enjoy Summer Sale” on domestic and international routes from today, June 8, offering both domestic and international travel options. The sale offers domestic one-way flights from 1,000 yen, and international flights up to 25% off Simple Peach and Value Peach fares^{*2}. Take advantage of this exciting sale to 1000% enjoy this summer break and holiday season, go where you want to go, meet the people you want to meet, and enjoy easy, amazing journeys that only Peach can make possible.

Peach will continue to help enrich people's lives as a convenient public transport service that breaks down travel barriers caused by distance and offers the excitement of encountering new landscapes, with safety as its highest priority.
